Candidate information

If you are not satisfied with the assessment outcome, please contact your assessment centre for information on their appeals process.

Certification will be issued directly to your assessment centre. If you do not receive your certificate within 20 days, please contact your assessment centre in the first instance.

If City & Guilds NPTC are not notified of a missing certificate within 30 days, a charge will be applied for a replacement to be issued.

Unit 214 The principles of using aluminium phosphide for vertebrate pest control

AC	Description	Outcome	
1.1	Describe the legislative requirements relating to the use of aluminium phosphide	Met	Not Met
1.2	Describe the regulatory requirements relating to the use of aluminium phosphide	Met	Not Met
1.3	Describe the Codes of Practice (CoP) requirements relating to the use of aluminium phosphide	Met	Not Met
2.1	Describe possible routes and symptoms of contamination in people	Met	Not Met
2.2	State methods of avoiding and reducing contamination to people	Met	Not Met
2.3	State procedures for dealing with contamination and accidental spillage	Met	Not Met
3.1	State the requirements for safe storage and transportation of aluminium phosphide	Met	Not Met
4.1	Explain how to identify non-target species and sites	Met	Not Met
4.2	Describe the characteristics of vertebrate pests	Met	Not Met
4.3	Describe where damage may be caused by the target species and the possible implications of the damage	Met	Not Met
5.1	State the types of preventative management, natural control measures and alternative methods of population control for the target species	Met	Not Met
Result		Pass	Fail

Unit 215 The practices of using aluminium phosphide for vertebrate pest control

AC	Description	Outcome	
1.1	Read and interpret information on a product label	Met	Not Met
2.1	Identify environmental risks to the application site and explain how to minimise these risks	Met	Not Met
2.2	Carry out a site survey to identify signs of target and non-target species	Met	Not Met
3.2	Prepare the site for the application of aluminium phosphide	Met	Not Met
3.3	Carry out pre-use checks to the applicator and fill safely	Met	Not Met
3.4	Carry out safe and accurate application of the aluminium phosphide	Met	Not Met
4.1	Explain how to manage and dispose of surplus aluminium phosphide	Met	Not Met
4.2	Explain how to clean, decontaminate and store the applicator	Met	Not Met
4.3	Describe the gas monitoring requirements for the site following treatment with aluminium phosphide	Met	Not Met
Result		Pass	Fail
