<u>Technica</u>	l Evaluation Record	V3 A	pr22				City City Guilds	IPTC
	Safe Use of Traps for Vertebrate Pest	Qua	Qualification Code:				0216-28	
QUALIFICATION: Control		Uni	Units:				281, 282, 283, 284, 285 (All units to be achieved)	
Assessor Name:	Assessor Name:		Technical Verifier Name:					
Assessor No: NEW? DOB:			Technical Verifier No:					
Assessor Email:	ssessor Email:		Start Time:					
Invoice To: (Include Centre name if applicable)		End Time:						
CRITERIA: (To be used in conjunction with current Qualification Guidance)			PERFORMANCE EVALUATION (Circle):				JUSTIFICATION:	
Current Legislation Environmental Ris	n, completion of SSRA, COSHH and k assessments.	1	2	3	4	5		
Knowledge and re	quirements of live trap use relating to	1	2	3	4	5		
Knowledge of the safe use of spring traps under the Spring Trap Approval Order for each species		1	2	3	4	5		
Characteristics of the pest species/Biology/feeding/behavior/ activity/patterns/habitats/signs/control methods/ management/trapping options		1	2	3	4	5		
Signs of damage/implications of damage and costs		1	2	3	4	5		
Identify non-target species on site		1	2	3	4	5		
Identify set and recover approved cage/box traps (as appropriate to the species)		1	2	3	4	5		
Identify, set and recover approved spring traps (as appropriate to the species)		1	2	3	4	5		
Trap checking, quarry dispatch and disposal		1	2	3	4	5		
Explain how to carry out cleaning and maintenance of traps		1	2	3	4	5		
Follow up strategy and record keeping		1	2	3	4	5		
Assessment techniques (new assessors only)		1	2	3	4	5		
PERFORMANCE EVALUATION COLUMN TOTALS:							= TOTAL SCORI	i:
Result of Technical Evaluation (tick):  NOT MET  TOTAL SCORE REQUIRED TO ACHIEVE ASSESSOR STATUS:  (NB. ACHIEVED IN PERFORMANCE EVALUATION COLUMNS 4 & 5 ONLY)  If an existing Assessor then please adjust total score required to 44						48
