- Manual Handling Operations Regulations 1992
- Animal Welfare Act 2006

- VMD code of practice
- RUMA guidelines
- Animal Health Management plan
- Operator training
- Biosecurity procedures

Carry out COSHH assessment

- Using template provided or an approved template

Carry out SSRA

- Assessor to complete a Site-Specific Risk Assessment, using provided template.
- Hazards and controls relative to site, task and equipment.

Carry out environmental assessment

- Environmental risks to site identified
- Methods to minimise risks explained.
- Additional risks not identified on site, (that may occur in typical assessment situations) to be discussed.

Take the temperature of a farm animal

- Clinical or digital thermometer
- Correctly restrained
- Knowledge of correct temperature for species and stage of animal development
- Thermometer correctly read
- Records kept
- Thermometer cleaned and stored

Check the health status of a group of 10 animals

- Health status of inspected animals checked and an accurate report given

Weigh a farm animal and record information

- Weigh crush prepared
- Tare weight established
- Weigh crush calibrated
- Records kept

Assess the fat cover of a group of farm animals

- Animals are safely and correctly handled
- Fat cover checked at appropriate points according to breed

Carry out a daily inspection of a group of grazing animals checking the following:

- Boundaries are secure
- Sufficient water
- Sufficient grass available
- Animal health status
- Correct number of animals determined

Move and set up a stock proof electric fence 20 meters

- Electrical safety
- Public Rights of way
- Fence moved in a logical manner
- Fence is straight and correctly tensioned
- Fence at suitable height for animals

Check a field for hazards

- Hazards identified
- Hazards removed or marked
- Knowledge of potential hazards

Assess and report on the suitability of the water supply

- Suitability of water trough for the size of animal
- Cleanliness
- Access to trough
- Flow rates checked
- Checked for leaks

Record Keeping

- Legal records
- Management records
- Food producing animals (legal records)

Assessment techniques

- Clear and concise questions/instructions
- Question/instruction relative to unit.

(Please note: this section only needs to be completed by new assessors).
